

**QX-008-55**  
**Industrial antenna report**

*Integrity , Innovative , Sincere*

## Purpose:

This report is to show the results of the Industrial antenna .

## Contents:

1. Overview & Antenna Information

2. Test Results

2.1 Return Loss

2.2 3D Gain table

2.3 2D Radiation Pattern

2.4 3D Radiation Pattern

Revision	Date	Description of changes
A	05 – Dec. - 2013	Using the chamber simulate the Industrial antenna performance .
B	30 – Dec. - 2013	Using the chamber simulate the Industrial antenna performance .
C	31 – Dec. - 2013	Using the chamber simulate the Industrial antenna performance .
D	03 – Jan. - 2014	Using the chamber simulate the Industrial antenna performance .
E	03 – Apr. - 2014	Using the chamber simulate the Industrial antenna performance .
F	22 – Apr. - 2014	Change the Cable and length.
